New York Skyline

The Sidewalks of New York

The Indians of old sold New York City, but the "Redmen" of today hold it priceless. We are those "Redmen"!

From a land of teepees our city has emerged as a land of skyscrapers and an outstanding center of art, culture and science.

The population of a scattered few developed into what Walt Whitman called "a million people — manners free and superb — open voices — hospitality — the most courageous and friendly young men."

Located in this great city, St. John's Prep upholds the tradition of culture synonymous with this metropolis, without compromising, however, the principles of Catholicism.

As evidence of our continued contribution to society, we present this year's edition of "Prep Shadows", our claim to achievement in the education of future citizens of New York City.

Dedicated to Mr. Trezza

MR. JOSEPH J. TREZZA

Mr. John Trezza has devoted himself to St. John's Prep for thirty-six years. In grateful recognition, Mr. Trezza, we dedicate "Prep Shadows" to you.

Born in 1894 near Salerno, Italy, Mr. Trezza came to America as a child of eight. After graduating from De Witt Clinton High School, he volunteered for the U. S. Navy in World War I, where he achieved permanent rank as a Chief Petty Officer and temporary assignment as Ensign. Legend has it that he earned an unofficial ranking as one of the wrestling champions of the Pacific Fleet.

Following his discharge from the Navy, Mr. Trezza earned his degree as an accountant from New York University. In 1922 he married his childhood sweetheart, Concetta Sasso, a concert violinist whose father was a Professor of Music. This marriage reflected Mr. Trezza's great love for music, one of the hobbies he still enjoys, and a trait which he and his wife have bequeathed to their four children and seven grandchildren.

Mr. Trezza first came to St. John's Prep in September, 1923, where he taught commercial subjects in the co-ed

branch of the school located at Broadway and Myrtle Avenue. When the commercial school was closed, he split his school day teaching business subjects in St. John's Seminary, then located in the Willoughby Avenue Building, and Social Studies in the Prep. Eventually he took over the position as teacher of French in the Prep, a post he has held ever since.

His popularity with the Prepsters is unquestioned, in spite of the countless "chevrons" he has silently but permanently bestowed on the shin-bones of many an inattentive or boisterous student. Any Prepster who has gone on the boatride recalls the familiar sight of Mr. Trezza striking out senior after senior or driving in one run after another in the annual Faculty-Senior softball game. After the game he managed to have as much fun on the amusements as any Prepster.

He is equally popular with the faculty members. Hardly a teacher has passed through St. John's without grateful remembrance of the practical help received from Mr. Trezza's wide store of common sense and wide experience. His booming laugh and ready wit have made him a desirable companion in and out of school.

One of the great rewards of his teaching career has been the steady flow of correspondence from his former students. Many of these have found themselves in the Armed Forces, particularly the Navy, and have turned to Mr. Trezza for advice and counsel. It is not unusual for an ex-Prepster to drop into the Faculty Room for a few words with Mr. Trezza, and wind up having discussed everything from the baby's new tooth to the mortgage on the house.

Through your continued counsel and wisdom, Mr. Trezza, may many other students learn to live and laugh and love—as men devoted to God. *Ad multos annos!*

His Holiness POPE PIUS XII

"Our spirit looks upon the innumerable ranks of adolescents, seeing them as buds opening at the first light of dawn. Prodigious and enchanting is this thronging of youth from a generation which seemed almost condemned to extinction; new youth, throbbing with its freshness and vigor, with eyes fixed on the future, with an unswerving impulse toward higher goals, resolve to improve upon the past and assure more lasting and more valuable conquests for man's journey on earth.

... Let the youth open itself to the spirit of Catholicism and let it feel the power of that universal love which gathers all the peoples of the world in the One Lord. Conscious of their personality, and therefore of the greater treasure of freedom; healthily critical; but at the same time, with a sense of Christian humility, rightly subject to the laws and to the duties of solidarity; religious, honest, cultured, open-minded, and enterprising: this is how We would like to see youth come forth from the schools."

Department

The guidance program at St. John's Prep is an integrated plan of moral and academic counseling which aims to assist the student in his period of transition from boyhood to adult life. The Spiritual Counselors, Fathers Thomas Concagh, C.M., John Hallahan, C.M., Daniel Donovan, C.M., and Thomas McGourty, C.M., together with Mr. George Gardiner, Student Adviser, and the entire faculty are available for conferences with individual students to advise and counsel in any of their needs and interests. Each student also is scheduled for two periods of group guidance each week and at least two personal interviews each year.

The formation of moral and religious character is not confined to the classrooms of the Prep. In all his school activities the student is faced with some object that tends to implant the Catholic spirit into his being. The crucifix on the classroom wall, prayer before and after class, daily Mass celebrated in our chapel, visits to the chapel, constant association with priests, Catholic companions, approved text books — all tend to guide and leave their impression on the student's mind. Each student is scheduled to a religion class each day, and he must pass four years of religion successfully before being graduated. Bi-weekly meetings of the Blessed Virgin Sodality are held in the adjacent parish church, and all students must attend. A day is set aside for the monthly communion, and each student must attend the annual retreat.

Father Concagh interviews Ed Reilly.

Confessions are heard daily for those wishing to avail themselves of this privilege.

The program of academic guidance extends over the four years that the student is at the Prep. Under the direction of Mr. Gardiner, it is the aim of this program to orientate the student to the routine of high school life, to assist him in his program of study, and to interpret for him his career potentials in the light of his academic performance and abilities. These objectives are obtained by providing the following services: instruction in study and reading, individual conferences, intelligence and aptitude tests, personality and interests tests, and scheduled classes in group guidance. Each student in his Junior and Senior years is scheduled for classes which acquaint him with the offerings of various colleges, college entrance examinations, scholarship tests, requirements for admission to colleges, and an outline of the work done and requirements necessary in professional and occupational fields.

The two sections of guidance do not conflict, for the Spiritual Counselors and the Student Adviser work hand-in-hand to assist and prepare the student to enter adult and college life in an intelligent Catholic manner.

In order to gain Heaven we must know, love, and serve God. Our love and service of God depends on our knowledge of our Religion. Because of this fact, Religion is, without a doubt, the most important subject taught in the Prep. This department, directed by Thomas P. McGourty, C.M., introduced a different series of text books this year, namely, "The Christian Life Series," for the purpose of bringing more clarity and better continuity of this important subject.

As one participates in the Religion class each day, he may overlook the fact that every lesson fits into a definite plan for each year, and also that daily classes serve as a constant reminder of his duties toward God.

Book one of the series, titled, "Going to God," prepares a student for an intelligent and active participation in the liturgical life of the Church year. The Sophomore book, "God and His People," informs the students of God's relationship with men by means of a study of Sacred Scripture.

The book for the third year is titled, "Growth in His Life." It treats specifically of man's duties to God.

The Senior book, "The Catholic in Today's World," prepares the student to defend his religion by reason, and the latter part presents a course in matrimony so that the Catholic will understand his obligations as a parent, if he chooses this vocation in life.

The English program aims to teach the student to read, write, and speak well in accordance with his maturity. It is a four year program in grammar, rhetoric, expression, reading and literature.

The grammar for the first three years consists of detailed examination of grade school work, whereas fourth year grammar is mainly preparatory exercises for college entrance. The speeches for the first two years are designated by the teachers. In the third year instead of individual speeches, debates are held. Finally in the fourth year the students prepare their own speeches. Literature in all four years consists of one main prose or poetry selection for each year and also some shorter works.

The Speech Department consists of three groups which include both seniors and juniors. The teachers are Father Daniel Donovan, C.M., and Mr. Peter Caffrey. It is a half-year course and has for its purpose facility in all fields, from conversation to formal speeches. The course originated as an informal subject, but during the last two years it has become a real textbook and exam course. It also requires, once during the course, each student to make a speech approximately for ten to fifteen minutes. The course incorporates visual aid and electronic devices, such as tape recorders and telephone training equipment.

Speech class students listen to a tape recording of their speeches.

St. John's Prep offers a science program designed to meet college specifications. This year Biology is a required science course for the Freshmen. They have fully equipped laboratory facilities conveniently located in their own building. The course also is being offered as an elective for the present Sophomores. Juniors may take Physics, in which the fundamentals of their science are fully explored and then tested by experiments in a well-organized lecture and "lab" program. Rounding out the scientific courses is Chemistry, which is present in the Senior year. It consists of a basic organic course with "lab" and classroom work designed to familiarize the students with the fundamentals of the science.

Latin Department

Under the direction of Mr. Timothy Dobbins, the Latin Department strives to develop the accuracy of a student's thought process by training him to learn a precise and exacting language. The cultural background acquired by a study of Roman History also is a motivating factor for presenting this language as part of the student curriculum. Not to be overlooked by any means is the fact that many Prepsters choose to continue their studies for the priesthood, and Latin is most essential for this vocation.

These purposes are accomplished by offering students a preparatory course in grammar, followed by readings of Caesar's Gallic Wars and Cicero's classical orations.

One of man's most important faculties is his ability to communicate with his fellow-man. Different customs and environment have produced the many languages in the world today. It is the aim of the Modern Language Department to help students to understand these languages and customs. Hence, courses in French, Spanish and German are offered at the Prep. Great emphasis is placed in them on the fundamentals of grammar, sentence structure and translation.

Thomas H. Reed, M.A.

The objectives of the Mathematics Department, under Mr. James L. Malone, are three: first, to fulfill the school objective of developing a well rounded Catholic student. Second, to prepare the student to cope with the math problems he will meet in his sciences courses; third, to give the student so comprehensive a training in math that, upon his arrival at college, he will be equal to and, in many cases, ahead of his classmates in that field.

This year at the Prep, there has been instituted a new four year Math program. Math I covers elementary algebra. Math II deals with plane geometry. Math III consists of a joint course in intermediate algebra and trigonometry. These are all required subjects. The electives offered in senior year are advanced algebra and solid geometry.

Vic Agusta and Fred Troike look over college catalogs before making the "big choice."

The elementary school graduate is "tall;" the high school graduate is "taller;" the college graduate is the "tallest." All around the "sidewalks of life" we see that "big oak trees from little acorns grow." Always, however, we are reminded that there is something or some one "bigger" than we. The city may be "big" but the state is "bigger" and the country "bigger" still. The earth may be "big" but the Church is "bigger," and God is incomparably "bigger" still.

We feel that the St. John's Prep graduates are intellectually, morally, and religiously "big." May they always remember that they must continue to grow in learning, integrity, and their Catholic Faith.

CLASS HISTORY

FRESHMAN YEAR

On that memorable day, September 13, 1955, we the Class of '59 were toppled from our lofty pinnacle. Triumphant and proud as eighth graders, we were humbled by our newly acquired position as lowly frosh at St. John's Prep. What a shattering blow to our egos!

Timidly we gathered in the library of the Prep, our "second home-to-be" for the next four years. There Father Gerald Fogarty, C.M., Guidance Director, heartily welcomed us, adding helpful suggestions to make our four years of high school more profitable. Father John Hurley, C.M., Headmaster, likewise made us "feel at home," indicating that our new home would follow the

pattern of all fine homes — good order — so that it might be all the more enjoyable.

It did not take us long to become acquainted with our freshmen teachers and their "adopted friends." Never to be forgotten is "Cecil X. Kornblower," from Doctor Loschert's biology lab, nor our English teacher Mr. Casey's, "Jim Hawkins."

In February our ranks were increased by a new group of frosh who, because of the accelerated program, would join us as full fledged Juniors. Like ourselves, they quickly joined in all phases of Prep life.

CLASS HISTORY

SOPHOMORE YEAR

What a difference a year can make! After our first year at St. John's Prep had passed into history, we found ourselves lifted from the "mire of mediocrity", to the status of "regular" members of the Prep. We were sophomores!

Our second year provided many topics for our cafeteria "sessions." No one ever will forget the painful facial expressions aroused by the mention of such terms as "Intermediate Algebra" or Modern History. Like the Helvetians, many of us were "wounded" by Julius Caesar.

Despite our moments of worry, as "Sophs" we experienced many hours of joy. We still get a laugh as we recall Joe McGrath's portrayal of the comical Sakini in

"Teahouse of the August Moon." Our spirits were lifted as we watched our own Frank Orlando and Vin Accurso spark the J.V. gridmen to one of its best seasons in recent years, and the same applies to Bill Brown in basketball and Mike Castellano in baseball.

Not only in athletics did we of '59 maintain our "regular" status. Art Griffin and Dennis Fitzsimmons were our outstanding representatives in the band; Bill Johnson and Jack Scheich spent many toilsome afternoons with "Prep Shadows;" Larry Prendergast, George Haas, and Richie Williams began their journalistic careers with the "Red Owl;" and — oh, the list is endless.

Needless to say, we made our mark on the Prep as "Sophs." We were happy to be "regulars."

CLASS HISTORY

JUNIOR YEAR

Onward we marched into our Junior year! As we gained respect and experience, we felt the first budding signs of maturity. As responsible young men we were determined to make good and to push far ahead of those who had gone before us, both in school spirit and scholastic ability.

Scholastically, however, we encountered some difficulties, all in the name of Physics. Thanks to the diligent efforts of Messrs. Mahoney, Geis, and Kobielski, our problems were solved.

Along other lines, success greeted us. Mr. Prior worked tirelessly to groom Joe McGrath and Fred Troike for big things in the Speech Club; Bob Buxton, Bill Hayden, and Vic Augusta gave of their talents to make the

Prep play a success; Father Green explained the theories of Junior Religion with strong, physical emphasis; and the relentless efforts of Mr. Caffrey to pound English into our heads proved worthwhile when we passed the final exam.

No other junior class ever has shown so much school spirit!! (so we say) We backed the football, basketball, and baseball teams in such a way that their victories became easier and more appreciated. Thanks to the efforts of Father Finn, our Activities' Director, we received our senior rings at the end of our junior year. This was the reward we had earned.

Our junior year truly prepared us for the responsibilities of our senior year.

CLASS HISTORY

SENIOR YEAR

As we draw to a close our senior year at the Prep, nothing but proud memories keep their hold in our thoughts. While accepting the bad with the good in the daily events of high school life, like all humans our thoughts like to linger only on the pleasantries of the past. And ours are many.

Never to fade from our recollection are such pictures as the perpetual wit of Chet Wright, the unpredictable antics of Jim Webb, the inspiring cheerleading of John Mullin, the outstanding spirit of Jim "Chief Kive" Kivlehan, the athletic prowess of Frank Orlando, Vin Accurso, and Bill Brown, and the scholastic ability of Bob Cuttica and Denny McMahon. Many more could be named, but a page is limited, and so, consequently, are we.

Our memories would be incomplete were they to overlook the faculty who helped us when we most needed it, which was always. Quickly coming to mind is the dry humor of Mr. Waters as he frequently said, "When are you going to light a fire under yourself?" No one ever will forget Father McCaffrey's favorite saying, "All

right", as well as Mr. Caffrey's quick and most apt retorts. Most pleasant were the interesting digressions of Mr. Burnett, and the spontaneous smile of Father Donovan. Completing a limited recollection of fond memories are pictures of Mr. Kuebel with his cries of "Clean that table," Father Edward Young, alias "Sherlock Holmes," surrounded by clouds of pipe smoke; and Father Regan, the law school student known as "Perry Mason," searching us out so regularly with his yearbook staff for multitudinous pictures.

And now some seniors feel that their school rings, which they have worn proudly all summer, would be more fittingly worn if they were to decorate the finger of some fair damsel. With such thoughts comes the realization that we feel prepared to accept our place of responsibility in the world. For this we are extremely grateful to St. John's Prep. If we never forget her lessons, our memories to come will be as pleasant as those of the past four years. This is the firm resolution of the Class of 1959.

"Liberty, Equality, and Fraternity" are slogans of democracy. "Give me your tired and your poor . . ." the rich man or the poor man, the doctor or lawyer, it matters not. All men are equal in God's eyes. The St. John's prepster, whether Senior, Junior, Sophomore, or Freshman, knows this well. He is taught to act accordingly. The "City" cannot help but profit.

A night of memories of Prep life.

Members of the Forum Club tour West Point.

Broader views await those who look from lofty heights. Equally true is it that greater wisdom is possessed by him who has many contacts. Club activities provide these opportunities for contact. St. John's Prep does its share by offering those activities so necessary for wisdom. Tall stand the students who have used these activities. We feel that we have many "tall men" in the Prep.

Student Government

By promoting an attitude of mutual understanding between student body and the administration, the Prep Student Council contributes to the spirit of harmonious co-operation which is necessary for the success of any educational system.

Moderated by Rev. William T. Finn, C.M., the Council uses its privilege of representation to express the opinion of the school in general, and to suggest means of solving any current problem, be it religious, scholastic, or social.

Throughout the past year, the organization, under its President, Victor Agusta and Vice President, Frank Orlando, has maintained an efficient program, resulting in increased school loyalty and a greater respect for authority.

Recent months have brought a new emphasis in the activities of the German Club. Besides studying the language and customs of Germany, the members have been investigating a new topic, "Modern Germany and Science." German contributions to rocketry were the subject of a report, entitled, "From Gliders to V-2." Members also prepared reports on the work of Doctor Werner Von Braun and Doctor Willy Ley on American ventures into outer space. Mr. Frank Kuebel is the club Moderator, and the club's officers are Richard Im, President; James Doyle, Vice President; Vincent Titone, Secretary; and Henry Wolff, Treasurer.

German Club

French Club

The French Club always has offered an opportunity to interested students for broadening their knowledge and absorbing the finer points of European culture. Moderated by Mr. Albert Cirillo, it has continued in the tradition with a year of diversified activities, including the publication of a Christmas magazine, entitled "L'Esprit de Noel." Since all of the members are not yet studying French, the publication was written in English. Each member wrote an article on one of the many Frenchmen who have contributed to the culture of that country.

Latin Club

This year the aims of the Latin Club were the increase of appreciation of Roman Culture and the study of a precise language. Under the guidance of Mr. Robert Von Stamwitz, the students submitted projects on ancient Roman life, studied word derivation, and interpreted the Liturgy. By the middle of the school year a Latin Journal had been compiled by the members and distributed to all of the Latin students. Written completely in Latin it treated of the customs of the ancient Romans and also of the importance of language in the Church liturgy.

To accomplish more completely their aims, the Latin Club visited various museums and saw several pictures, thus enhancing their knowledge of the history, culture, and ideas of the Roman people.

"Inside Prep Shadows"

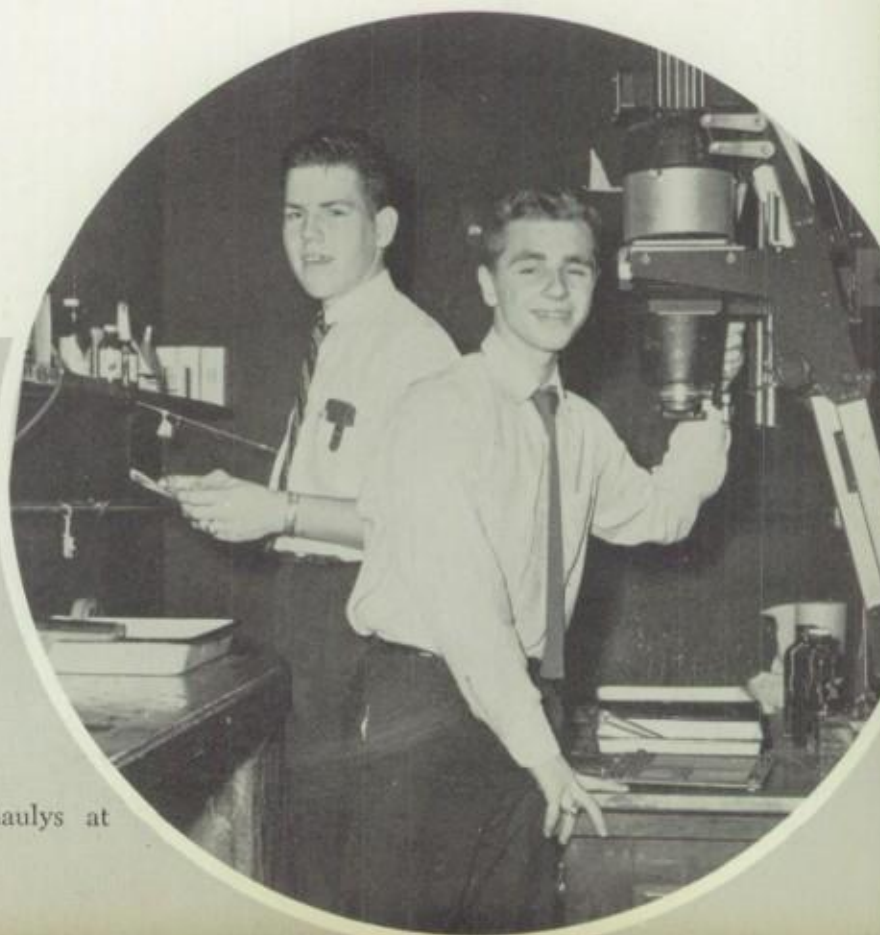

AD DEPARTMENT: Jim Ryan, Joe Caiazzo, Tom Karcher.

Under the moderators, Father Regan, C.M., and Father Thomas, C.M., this year's "Prep Shadows" has been enlarged to college proportions, an undertaking that required much extra work. To assist the moderators in their task, an able staff, headed by Bill Johnson and Jack Scheich as co-editors, pledged long hours of hard work to make this year's book a success.

Long after the last bell any day of the week, when most of the school has settled for the night, one can hear the typewriters in Room 306, where the editorial staff is busy typing write-ups and captioning pictures. Data on all the sports events is gathered and edited by a capable staff under the leadership of Bob Monaghan, sports editor. The whole staff works as one big team drawing up layouts for every section of the book, with one aim in mind, to make '59 a year to be remembered through the pages of "Prep Shadows."

Orators hard at work(?)

Speech Club

Ranking among the best in the country for many years, the Speech Club is currently defending champion in the National Catholic Forensic League after a runaway victory in last year's finals. The club also competes in oratory, debate and "extemp" in the National Forensic League. Moderators of the club are Fr. Daniel Donovan, C.M., Mr. Robert Prior and Mr. Peter Caffrey. Elected officers for the past year were John Fleming, President; Fred Troike, Secretary; Joseph McGrath, Student Council; and Terence Cooney, Librarian.

Physics Club

Under the direction of Mr. Flynn the bi-weekly meetings of the Physics Club prove to be interesting and valuable to students who intend to pursue a science career. Films on different current topics are one of the many features of this year's club. Likewise, members work jointly or separately on projects. Many of the projects are used in attempts for college scholarships. Another undertaking consists of allowing students an opportunity to examine more deeply those topics and theories covered in the classroom.

Earth Science Club

Another of the clubs devoted to the study of science is the Earth Science Club, moderated by Mr. James Goetz. This club aims to encourage and aid its members in the study of natural science. Earth Science is becoming one of the most popular organizations among the student body, for it has almost doubled last year's enrollment of 100 members. Mr. Goetz, in order to provide the members with a first hand study of nature, frequently conducts the group on the field trips and weekend outings.

The "Eyes and

During the scholastic year the Prepsters are kept well-informed on all school news through the Red Owl. The "Owl" has been in existence since 1923. Throughout this time it has recorded the history of St. John's in all its various activities. Sports, religious articles, humor and scholastic endeavors — all are included in each issue.

Much time is required to prepare each edition. The reporting staff has the arduous task of gathering information for each article. Then the editors go to work; they must plan, edit, type, and finally proof-read.

This year the difficult job of editor-in-chief has been held by George Haas. Competent assistance by Larry Prendergast, feature editor, and Dick Williams, sports editor, lightened his burden. Working under the supervision of Fr. William Green, C.M., and Mr. Robert Fountaine, they have piloted the Red Owl to another Columbia Press Award.

Spirit is necessary for the activities of a school to be successful. No organization at the Prep contributes more to our school spirit than the Band. As soon as we mentioned the Band, we think of football games, assemblies, the St. Patrick's Day Parade, the Spring Concert, and the numerous other activities at which the Band performs.

Constant practice is required to produce a top-notch band. Senior members of the Prep Band provide great assistance in this area by instructing and encouraging beginners when instructors are not present. The Band's high level of performance is due to the hard work of Mr. Martin Milella and Mr. George Greco. Fr. Daniel Kramer, C.M., is Moderator of the organization.

The hard-working artists of the Poster Service Squad have helped immensely in making many a Prep activity a success. Throughout the year their posters can always be found on display in the corridors and decorating each dance. The squad has worked diligently and successfully under the guiding hands of Fr. Moore Honor Society

The Moore Honor Society, moderated by Fr. Thomas Concagh, C.M., recognizes those students who are outstanding in character, scholarship, and service to the school. They must serve as an incentive for all students to improve all phases of Prep life.

In the intellectual field he must have an 85% average for two previous terms, with no mark in any major or minor subject less than 80%.

In his after-school phase of life, the applicant must have taken part in at least one major activity or two minor activities for a period of one year.

Finally, each applicant receives administration and

faculty screening. Needless to say, the applicant must possess all of the Christian qualities and ideals necessary to be a Catholic gentleman.

The Moore Honor Society received its name from the late Rev. John Moore, C.M., who was Superior of the Vincentians at St. John's prior to his death in 1925. During his lifetime, Father Moore was instrumental in having the Lewis Avenue Building erected. Both this building, the Moore Memorial Building, and the Moore Honor Society honor this great man. By taking his name for their title, the Society's members strive to emulate him in his love for school and God.

Laboureans

Among the activities at the Prep one of the most unnoticed is the Laboureans. Named after St. Catherine Labouré, Patroness of the Prep Chapel, the members of this rewarding activity serve the priest at Mass each morning and also at sodality. They likewise maintain the sacristy and make certain that everything is in readiness for Mass. Fr. Thomas V. Concagh, C.M., is the moderator of this faithful and "unsung" group.

Booster Club

The Booster Club, now in its second year at the Prep, continues to do more and more to promote school spirit within the student body. Under the direction of Moderator Fr. Thomas P. McGourty, C.M., and President Jim Kivlehan, much has been done to increase attendance at the major sporting events in which St. John's participates. It is not unusual to find "Chief Kive" and one or more of his colleagues hard at work, frequently as late as 5:30, putting the finishing touches to one of their projects. The other members make posters which are displayed in the halls, or talk up the games among their classmates.

Henry Lesser, Phil Conti and Joe Scully paint banner for Molloy game.

Camera Club

This club, under the direction of Fr. William Thomas, C.M., was organized to encourage and assist its members to master the techniques of producing good photographs. During the year its instruction included the use and care of the camera and its accessories. Help was offered the new members by those more skilled to aid them to correct mistakes in picture making, developing and enlarging color film, portraits, stills, and action pictures. The use of exposure meters, lenses, and filmstrips was discussed and explained. Entrance into photo

contests for high school students was encouraged to serve as an incentive for the individual to improve his skill with the camera.

The Camera Club provides needed assistance for the Prep publications. Its members take pictures at every school function, do their own developing, and thus supply pictorial interest for the "Red Owl" news stories, and never-fading memories for the yearbook.

Since its recent founding, the Radio Club has made great strides to obtain general licenses for all its members. The club has completed successfully a school station and already has contacted many states.

Puzzles, problems and the intricacies of the slide rule were the subject of discussion at the bi-weekly meetings of the Math Club this past year. Leading the members in their "adventures" were the club's moderators, Mr. Volpe and Mr. Woelfel. Richard Hutter served as President, John Yanovitch, Vice-President and Vito Pisani, Secretary.

Glee Club

Entertaining the Prepsters at the major assemblies of the year is the prime object of the Glee Club. With Fr. Thomas V. Concagh, C.M., directing, the club spent many long hours learning the rudiments of harmony and choral singing.

Library Squad

The measure of success which the library achieves in meeting the needs and interests of teachers, students and the curriculum is due in great part to the untiring sacrifice of the members of the Library Squad. The members develop their own library skills by helping others, and at the same time have an opportunity to enhance their recreational and social life through membership with other similar groups in the metropolitan area.

Crusade Society

Under the supervision of Father John Pearce, C.M., the Vincentian Crusaders continued their important work of collection money for missionaries at home and abroad. The members accomplished this purpose by opening a Crusade store in the Prep and by collecting, sorting and selling stamps. The Crusaders also attended Mass one day a week in a group to pray for the missions.

Joe Lang finishes record run in two-mile relay.

So few provide wholesome entertainment for so many. Yet sports are a necessity; they are health-building, competitive, and refreshing outlets for all participants—spectators as well as athletes. At St. John's Prep, we contribute to the welfare of the city by our athletic program. A few Redmen athletes help to relax their brother spectators with these worthwhile pastimes.

Hill 'n Dalers

Led by Joe Lang and "Skip" Knell, the 1958 edition of the Prep Cross-Country team not only had one of its best seasons in years, but also gave evidence of great promise for the forthcoming year. Lang, a senior, won a medal every time out by placing in the top ten. He came within one second of breaking the Prep record when he ran a blistering 13:47 in the N.Y.U. Meet. A Soph sensation, Knell surprised everyone by finishing behind Lang in all meets and also winning many medals.

At the beginning of the season, Coach Harry Howell appointed seniors Bill Finn and Kev Kelly to be Co-captains of the team. They earned these honors because of their fine showing in the three previous years of Cross-Country running.

Two reasons for high hopes for a successful 1959 season are the presence of Juniors Bob Kazalski and Jimmy Brown, in addition to a fine array of former J.V. runners who will fight for the vacated Varsity spots. This group includes George Bennett, Gene Gildea, Harry Stevenson and Tom Howell. A third reason for promise of future success rests on the fact that the Prep had a fine Frosh team led by Jimmy O'Reilly, one of the best Freshman runners in the city.

Harrier Headlines

Joseph Lang and Frank Orlando pose with Mr. Howell after successful indoor season.

Under the guidance of Coach Harry Howell the '58-'59 track team turned out to be the best Redmen squad ever. While turning in a number of sparkling performances the Harriers set nine records and captured first place in four meets.

The Red and White took all honors in the Fordham Prep Meet for the second consecutive year and in the Mount St. Michael's Meet where they established two meet records. Bob Kazalski, Bill Finn, Kevin Kelly and Joe Lang combined to break the record for the two mile relay, while the mile relay of Pete Connelie, Billy Brown, Vinny Melomo and Mike Heckman also set a record.

The Prep gained first place in the CHSAA Novice Championships and the CHSAA Indoor Relay Carnival. At the Bklyn., L.I. Championships the Redmen finished third. The team came in fourth place in the Iona Carnival and the City Championships. At the Mayor's Meet in the Garden George Bennett teamed up with Kazalski, Kelly and Lang to break the meet record with a time of 8:15.9 for the two mile relay.

Individual school records were set by Joe Lang's 4:28.9 mile run, Vinny Melomo's 31.4 for the 280 and Pete Gillard's 8.3 in the 60 Yd. High Hurdles. Paul Valentino proved to be the second best shot-putter in Prep history with a toss of 55'2", just four inches short of the old record. Vinny Corrado, Tim Ryan, Gene McElroy and George Lewis set a new record for the 6 lap relay while finishing in 1:46.4 and the team of Ryan, Corrado, Lewis and Frank Orlando passed the old 440 Yd. Relay record with a time of :45.8.

Although such senior stars as Co-Captains Joe Lang and Frank Orlando, Kevin Kelly, Bill Finn, Vinny Melomo, George Lewis, Mike Heckman, Billy Brown, Pete Connelie, Al Melanson, Frank Podkrash, Paul Valentino, Vinny Accurso and Denny McMahon will be lost at graduation, the Prep has high hopes for next year. These hopes are based on the facts that there will be a number of veterans returning and that a fine Freshmen squad, which broke many records, will be promoted to the Varsity.

'58 Football Highlights

Redmen tacklers stop Hayesman at Randall's Island.

Mr. Brady, Father McGourty and Mr. Hess examine the football schedule.

After starting the season with two quick victories, the '58 Prep Football team was held to a 3-4 record. Had the Johnnies received a few breaks, their rather poor record might have been improved. However, the team did show good promise for next year's gridders.

As the season opened, Seton Hall, followed by Cardinal Hayes, fell to the Redmen. The Hessmen then journeyed to Mineola where they lost to a powerful Chaminade team. St. John's received their second setback when bad weather and field conditions hurt the Redmen's ground attack against Xavier. In this close battle Jimmy Ring and Mike Sarno sustained injuries early in the game, thus hurting the Prep's defense. The Hessmen then defeated John Adams but lost to the strong St. Francis team. In the final game of the season the Redmen were defeated by Brooklyn Prep, ending a decade of victory.

Although such seniors as "All City" Frank Orlando, Vinny Accurso, Bill Brown, and Bill Hayden (who never lost a pre-game toss of a coin), will graduate, next year's team is expected to do better. We believe that Gene McElroy, Jimmy Ring, and Hank McArdle are strong enough to lead St. John's to a victorious season in '59.

ST. JOHN'S 19 SETON HALL 7

On Sunday, October 5, before a screaming crowd of 3000, the Redmen opened their campaign with a 19-7 rout of Seton Hall. The Redmen used a wide offense and a tight defense to produce this win over the hapless Pirates. At first, things didn't go too well for the Johnnies, as Seton Hall scored on the first series of plays in the game. The Pirates covered sixty-seven yards in sixteen plays for a 7-0 lead.

In the second period the Johnnies edged closer. Jimmy Ring hit Gene McElroy with a pass that resulted in a forty-three yard touchdown. This made the score 7-6.

In the second half the St. John's was invulnerable. The offense piled up eight first downs while the defense allowed the Pirates only one. On the first play from scrimmage the Johnnies recovered a Seton Hall fumble. Two plays later Frank Orlando caught a Jimmy Ring pass and carried the ball to paydirt for a 12-7 lead.

In the last quarter Billy Brown carried the pigskin over the goal line on a two yard plunge for the final tally of the day. This climaxed a march which saw the Redmen go sixty yards in thirteen plays. The defense did the rest.

Another Flyer hits the dust.

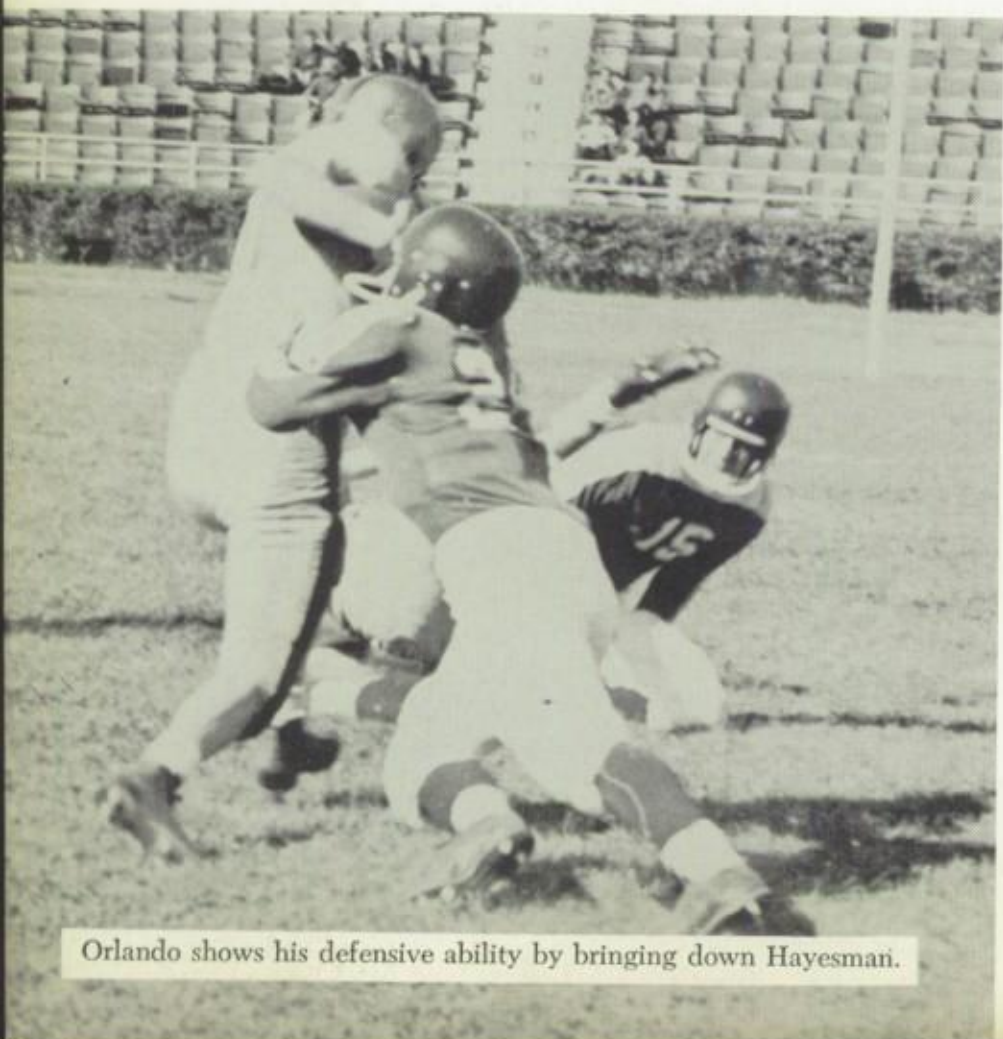

ST. JOHN'S 18 CARDINAL HAYES 8

On Sunday, October 19, the Johnnies met a stout Cardinal Hayes team at Randall's Island. Thanks to a spirited second half the Prepsters came out on top, 18-8, avenging last year's heartbreaking defeat.

The Johnnies received the opening kickoff and within minutes Frank Orlando crossed the goal line after catching a Gene McElroy pass for a 6-0 lead. Hayes came right back and went ahead, 8-6, when Joe Higgins scored from the two yard line. At halftime the score remained the same.

As in the Seton Hall game the Johnnies took charge in the second half. Hayes received the kick and a stout Prep line forced Hayes to punt. A little later Gene McElroy broke loose with some fancy running and traveled fifty-nine yards for the Redmen's second touchdown of the day. This gave St. John's a 12-8 lead.

In the last period the Prep scored its final touchdown of the day when Frank Orlando once again reached paydirt with an eight yard run around end. Led by Vinny Accurso and Denny McMahon, the defense held the Hayesmen at bay for the rest of the game and thus deserve much credit for the second victory of the year in as many games.

Orlando shows his defensive ability by bringing down Hayesman.

ST. JOHN'S 6 CHAMINADE 26

Although the Redmen were the first to score upon the vaunted Chaminade defenses, they were sent down to their initial defeat of the season and their twelfth consecutive loss at the hands of the Chaminade Flyers. The Johnnies fought doggedly for every inch that Chaminade gained and played brilliantly in holding the Flyers to a 6-6 deadlock at halftime. But the Mineola gridders came pounding back to claw their way to the victory. They were sparked by the running of Dave Johnson and Jeff Tobey, and they showed some fine ball handling, a good defense, and tremendous offensive power all afternoon.

It was a hard fought contest. The line play was terrific, and the tackling was hard and sure. Despite the spirited and the aggressive game played by our entire team, heavier and more experienced Chaminade "eleven" finally took advantage of its superior bench strength to break through for two late touchdowns and pound its way to a hard, well-earned victory.

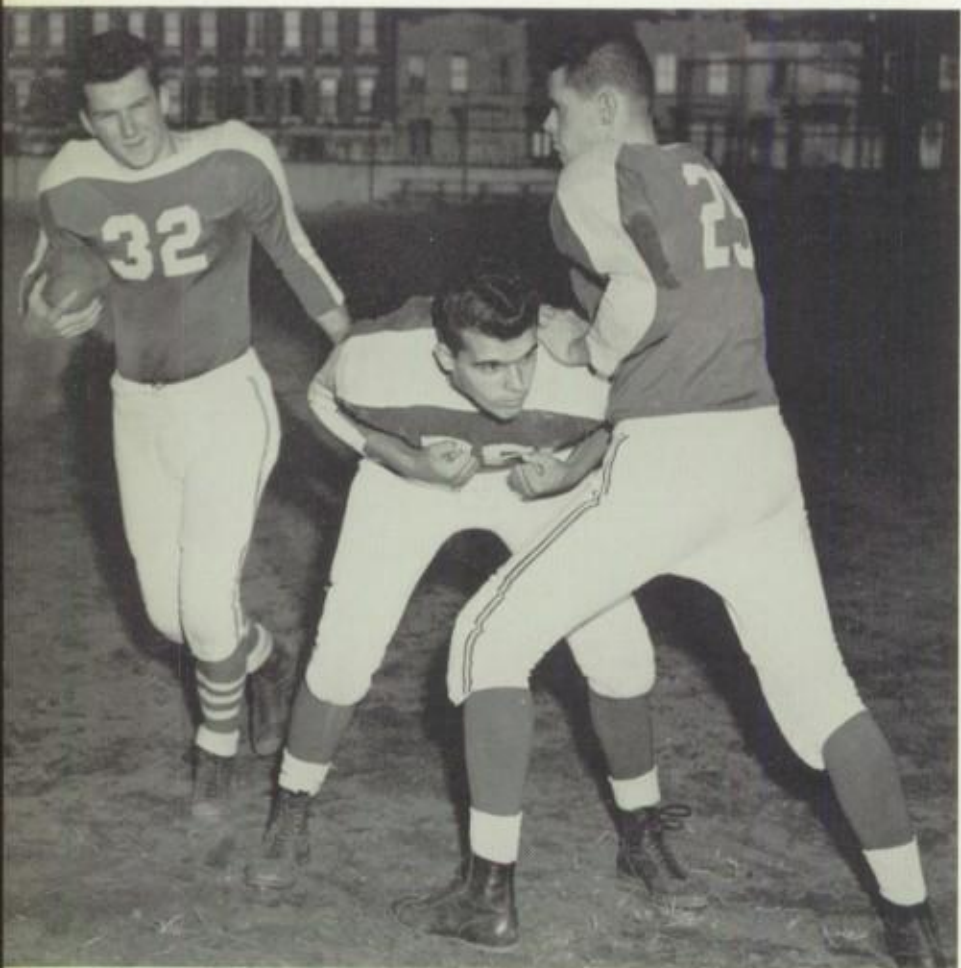

Frank Orlando, Jimmy Ring and Gene McElroy played a great game for St. John's. Ring made two clutch interceptions and passed superbly while his sparkling defense play was a tremendous inspiration to the team. Frank Orlando hauled in one of McElroy's passes and scampered fifty yards for our lone touchdown. Gene McElroy chipped in with some solid break-away running and accurate long passing to keep the pressure on the undefeated Chaminade team all the way.

ST. JOHN'S 6 JOHN ADAMS 0

Led by Gene McElroy's running and punting, the Redmen scored their third victory of the season over John Adams, 6-0. The win at Wilson High Stadium gave St. John's a string of nine consecutive victories over the Presidents.

It was a hard-fought contest which was not decided until the closing minutes of play. The defense for both teams was excellent as neither team could score throughout the first three quarters.

In the last quarter, however, the Prepsters recovered an Adams' fumble on the President's 20 yard line and went all the way. McElroy climaxed the drive with a four yard run off tackle.

Adams' only serious threat came in the third quarter when they reached the Prep four yard line. But Al Melanson came through in the clutch by recovering a fumble and thus enabling the Johnnies to march on in triumph.

ST. JOHN'S 14 XAVIER 26

It was an all-around bad day for St. John's when the Kaydets of Xavier succeeded in scalping the Redmen, 26-14. The former were led to victory by their fullback, Don Shara, who succeeded in scoring all 26 points.

The Redmen were held scoreless in the first period but were able to break the ice by the half. It was in the second quarter when Jimmy Ring, St. John's defensive star, was carried off the field while the Kaydets went ahead, 12-8.

After a pep talk by Coach Hess, the Johnnies were able to score a quick touchdown, putting them in front, 14-10. The Redmen were not able, however, to stop the drives of the Kaydets who went on to victory.

The key play for St. John's came in the third quarter when Gene McElroy completed a pass to Frank Orlando, who then carried the ball for a touchdown. It was McElroy's passing ability which kept us in the game, for he completed 5 out of 9 for 179 yards. The Kaydets, however, were able to drive for a total of 271 yards to our 33 yards.

ST. JOHN'S 6 ST. FRANCIS 26

On a cloudy, rainy day St. John's lost to St. Francis, 26-6, in their annual football clash. Before a crowd of 2000 people who turned out in full force to see the two teams battle, the spirit of both schools heightened the entertainment on the field.

Behind the fine running efforts of the Terrier's Tom Armstead, St. Francis rolled to a decisive victory. Right from the opening kick-off the Red and Blue showed their strength. Within two minutes of the opening gun, Armstead galloped twenty yards to give St. Francis their first score.

After the Redmen received the next kick-off, they found themselves with a fourth-down punting situation. The Terriers immediately marched to another touch-down, increasing their lead to 14-0. On two other occasions in the first half St. John's saw St. Francis score, and this completed their scoring.

At the beginning of the second half, the Redmen looked like an entirely new team. Yet they were able to score only once. Despite the great defensive stand by St. John's in the second half, they still were soundly beaten by a powerful Terrier team.

ST. JOHN'S 6 BROOKLYN PREP 20

On Thanksgiving Day, before a crowd of 8000 enthusiastic fans, Brooklyn Prep defeated the Redmen for the first time in eleven years, 20-6. Vinny Accurso, Denny McMahon and Bill Hayden all played well, but the checking of St. John's offense lost the game. Accurso received the Jim Murphy Trophy as the outstanding player of the game.

The Blue Eagles wasted no time putting the Hessmen up against the wall. Early in the first quarter Brooklyn Prep had a punting situation. The ball rolled into the end zone when St. John's fumbled, and the Jesuit eleven recovered for the first score.

For a while it looked as though the Blue Eagles could not be stopped. They received a Redmen punt deep in their own territory and marched steadily for their second touchdown. Before the first half ended, the Johnnies managed to score a safety on a blocked kick.

At the outset of the second half both teams put up a strong defense, and the third quarter was scoreless. With six minutes remaining in the game, the Redmen narrowed the score to 14-6 on a thirty-five yard pass play from Bill Brown to Jerry Silecchia. The Hessman tried desperately to tie the score but were halted when one of their passes was intercepted in the final minute.

The 1958-59 hardwood campaign was one of disappointment as the Johnnies compiled a dismal 3-13 season record. However, all was not lost as this year's team was one which showed great promise for the coming two seasons. The squad was composed of one senior, seven juniors and four sophomores.

While the underclassmen were gaining valuable experience, Hank Kettelhodt, the lone senior, gained "All City" honors by averaging over 19 points a game and by his fine overall play. Throughout most of the year Kettelhodt did the scoring but not enough to overcome the mistakes of the inexperienced sophs. The Redmen lost to such teams as St. Michael's, Loughlin, St. Francis, Chaminade, Molloy and Trinity. On January 16, St. John's broke into the win column by defeating St. Augustine's, 78-62.

The two most exciting games of the year took place in the first week in February. First a highly favored Chaminade team marched into the Lewis Avenue gym anticipating an easy victory and left glad to have been able to edge past the Johnnies, 67-64. The game was a see-saw affair all the way and not until the closing seconds of play did the Flyers take the lead for keeps.

Three days later our arch rival from Crown Heights, Brooklyn Prep, confidently strutted into the Prep gym. Although Dan Berkery played fine ball and scored 25 points for B.P., St. John's won 70-68 in overtime. Kettelhodt and sophomore Bud Knittel, hit for 27 and 23 points respectively, while sparking the Redmen's "never say die" spirit, forcing an overtime period. With four seconds remaining in the overtime period, Hank Kettelhodt sank a 40 foot set shot for one of the most spectacular wins in Prep history.

The final Johnny win came on the last day of the season when the Redmen romped over St. Augustine's, 76-50.

Diamond

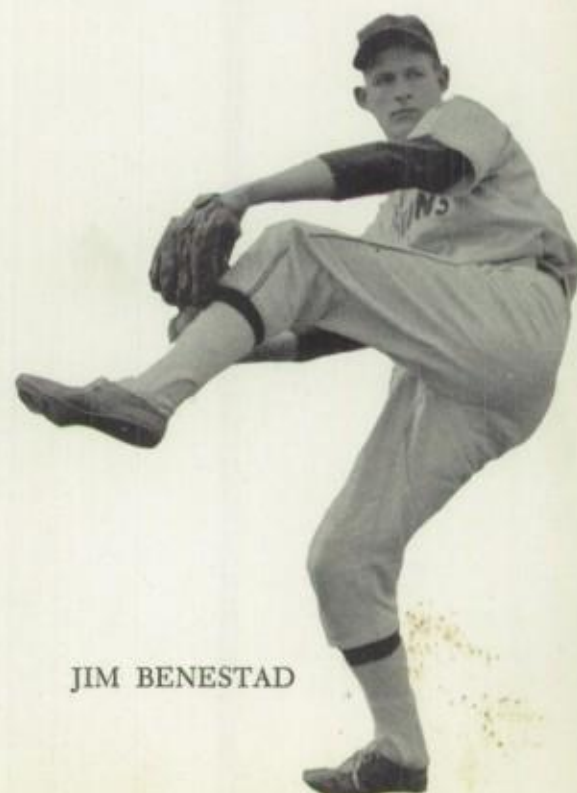

After the first ten games of the 1959 season were played the Prep baseball team appeared ready to improve on last year's third place finish in CHSAA competition. At this stage the Redmen had a 9-1 record, with their lone loss being a 6-2 upset by Molloy on April 16 at Drew Memorial Field. In other league games the Prep defeated Trinity 4-2, Holy Cross 5-3, our arch-rival from Crown Heights, Brooklyn Prep, 6-2, and Chaminade by a 6-0 score.

The team overcame the loss of last year's four frontline pitchers with the establishment of a new "fearsome foursome" in seniors Carmine Martino and Jim Benestad, junior Pete Majoy and sophomore Bud Knittel. In the infield the

Johnnies lost third baseman Charlie Stolze and shortstop Mike Maloney, but they were capably replaced by Tom O'Donnell, promoted from the J.V., and by Jimmy Ring, a power hitting junior. Captain Hank Kettelhodt returned to star at second base, while veteran Mike Castellano shared first base duties with junior Kenny Rugg when the former was not pitching. Behind the plate John Capillo ably took over the spot vacated by Tom Duffy. A strong hitting outfield was composed of Pat Murdocco, Gabe Troiano, and Phil Boudjouk.

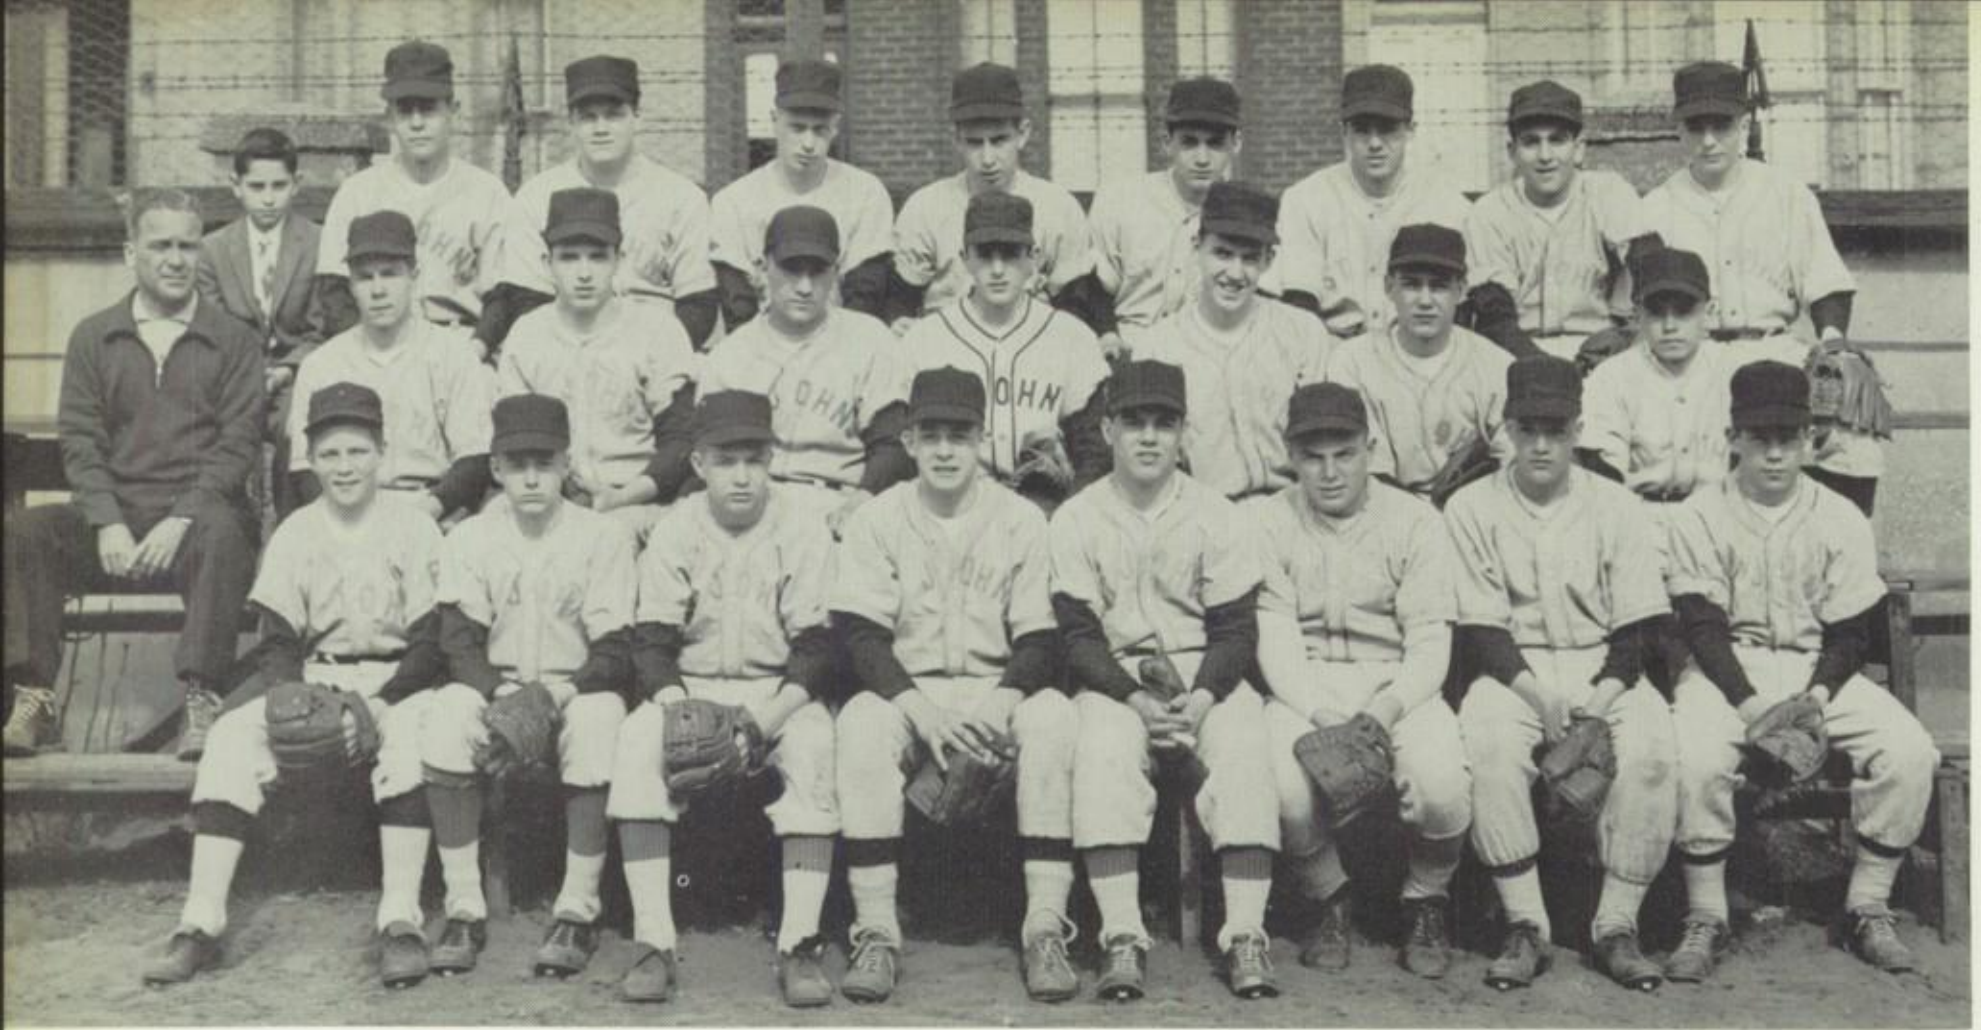

Because of the presence of many juniors and sophomores on the team the Prep can look forward to another successful season in 1960.

* C.H.S.A.A. Dual-Meets

Top to Bottom: Gerry Magliolo, Frank Traun, and Jim Molloy practice in the Prep pool. Jim Molloy took second place in two events in the City Swimming Championships this year.

Swimming is a practical and refreshing sport. Almost everyone has enjoyed a dip in a nearby pool or in the ocean. For the Prep Swimming Team, however, enjoyment is linked with hard practice for the improvement of the squad.

This year, under the direction of Mr. Frank Waters, the determined finmen, led by Captain Rich Schneider, captured third place in C.H.S.A.A. competition.

In the long season from November to March, the mermen were able to compile a 5-5 league record. The team also showed good form in the outside meets. In the championship meets at the season's end many Prep swimmers won awards. Outstanding efforts were Tom Farley's third place in diving and Steve Roethke's fifth place in backstroke in the National Championships at Villanova.

Although such seniors as Rich Schneider, Tom Farley, Jim Molloy and Roy Valcich led the team to many victories, there were many underclassmen headed by Steve Roethke, Bill Kilpatrick and Gene Volini, who proved to be very helpful. The overall picture of the swimming team for next year is very good.

Tom Farley shows form which helped to earn him third place in the National Championships.

Redmen backstroke star Steve Roethke works out in the pool.

FRESHMEN

FRANK VENTIMIGLIA

Bowling

With James Ryan at the helm, the Prepsters had a fairly successful season, placing fourth in the C.H.S.A.A. Brooklyn-Queens Bowling League. Frank Musumeci was the outstanding player of the year, racking up the high score of the league with a superb 225 game.

Much credit must be given to the following seniors who sparked the team to many victories — James Ryan, Captain; William Vicino, Frank Ventimiglia and Mario Fichera. The hopefuls for next year's team are Nicholas Perrotti, Walter Becker and Robert Kaiser.

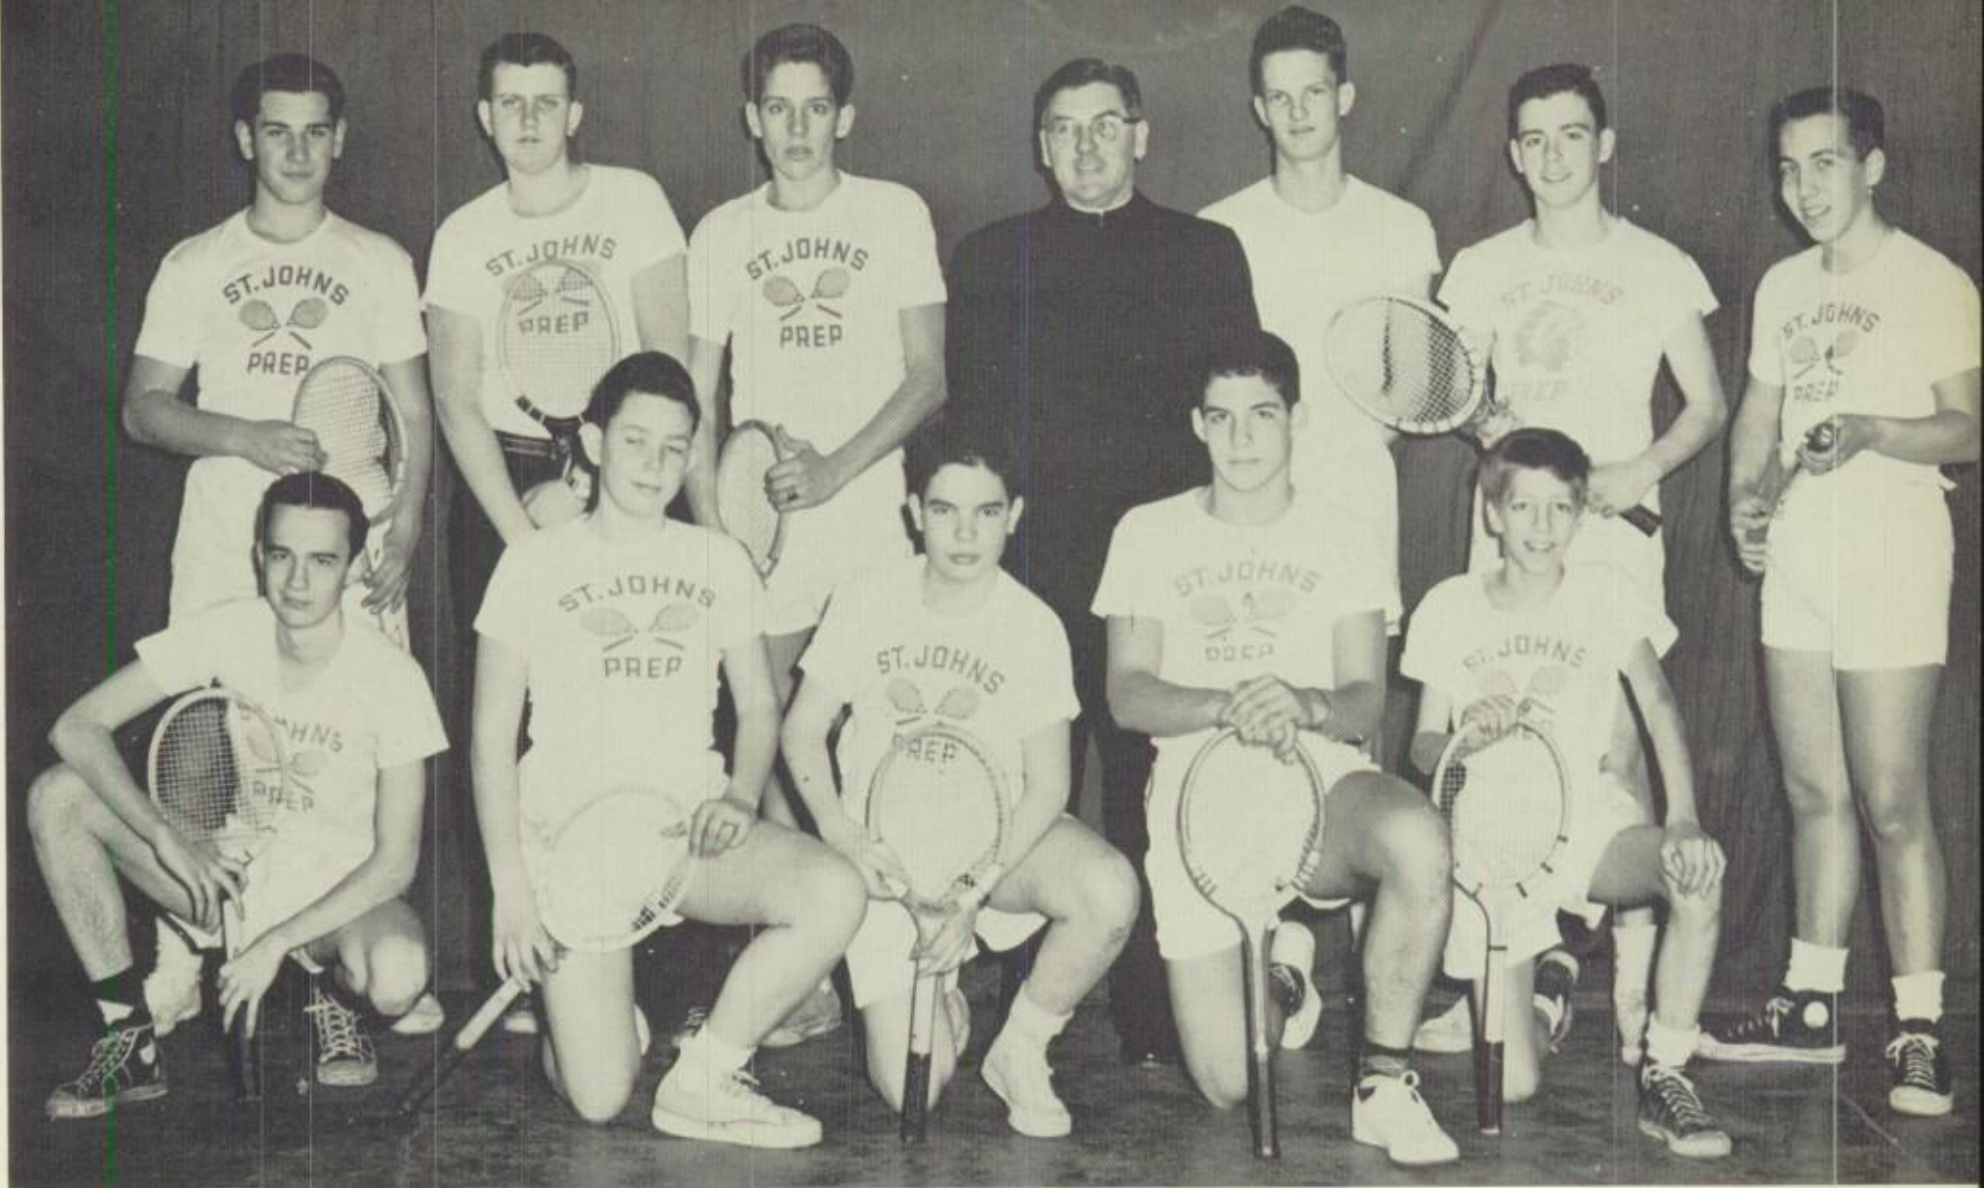

With the current interest in high school bowling, Fr. John Hummel, C.M., Moderator, sees every indication for increased enthusiasm in the coming season.

Nicholas Perrotti tries for a double.

Front Row: Mario Fichera, James Ryan, Capt., William Vicino. *Back Row:* Frank Musumeci, Frank Ventimiglia, Walter Becker, Robert Kaiser.

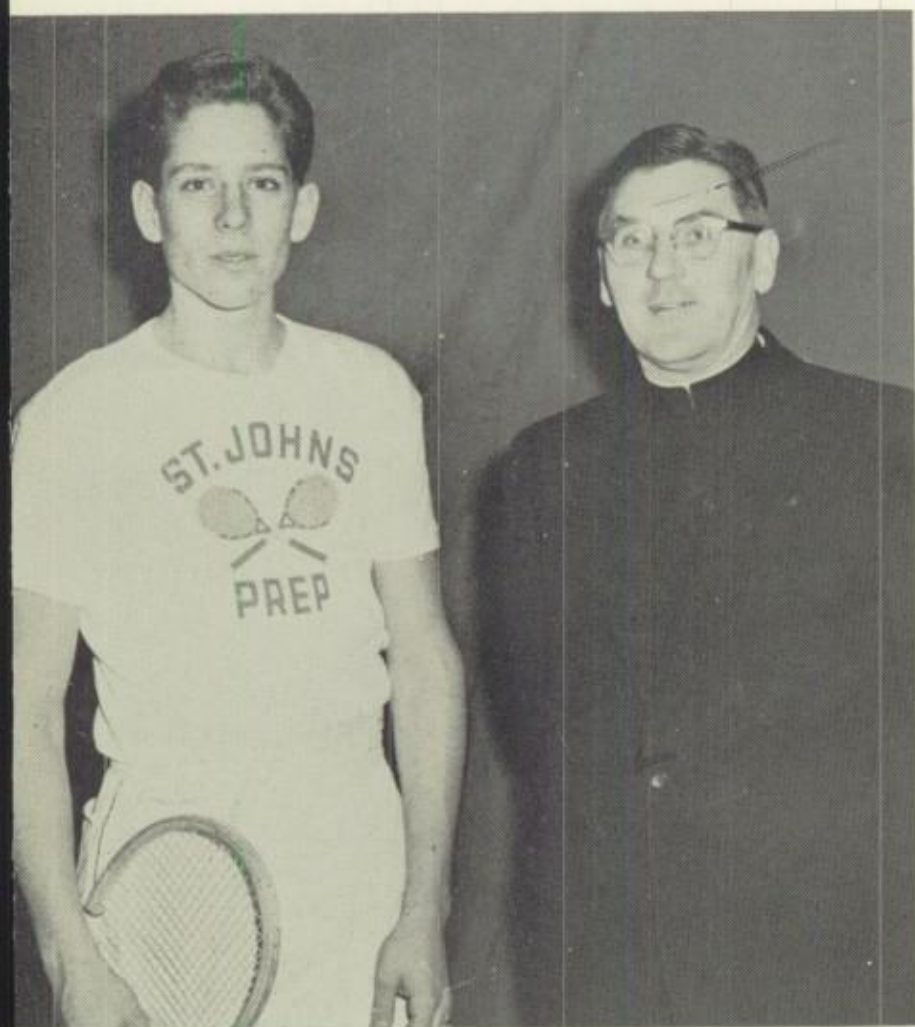

Kneeling: Michael Doyle, Robert Fleming, Andrew Esser, John Lupi, Charles Francis. *Standing:* Carmen Angrisani, Walter Sheerin, Edward Marzec, Father Hummel, Fred Troike, Michael Mannix, George Haubert.

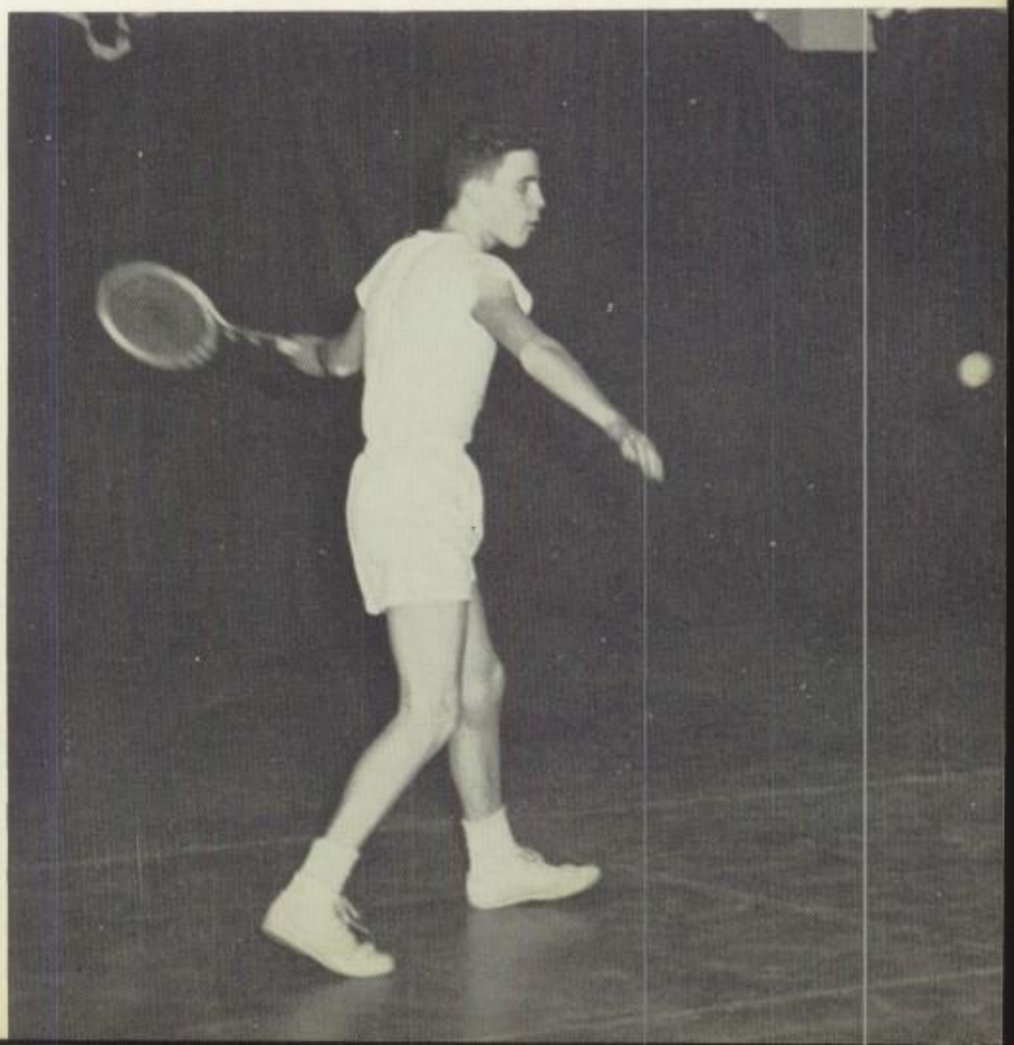

Netmen

The tennis team, moderated by Father Hummel, showed great promise at the beginning of its season on April 15. Led by Captain Ed Marzec and Carmen Angrisani the Redmen had the same membership as last year. Among the returnees were three seniors, Ed Marzec, Fred Troike, and Mike Doyle and three juniors, Carmen Angrisani, Walt Sheerin and Mike Mannix.

Father Hummel, Moderator of Bowling and Tennis, smiles as he and Tennis Captain Ed Marzec watch freshmen work out.

Junior Mike Mannix gets set to return a hard serve.

INTRAMURAL CHAMPS

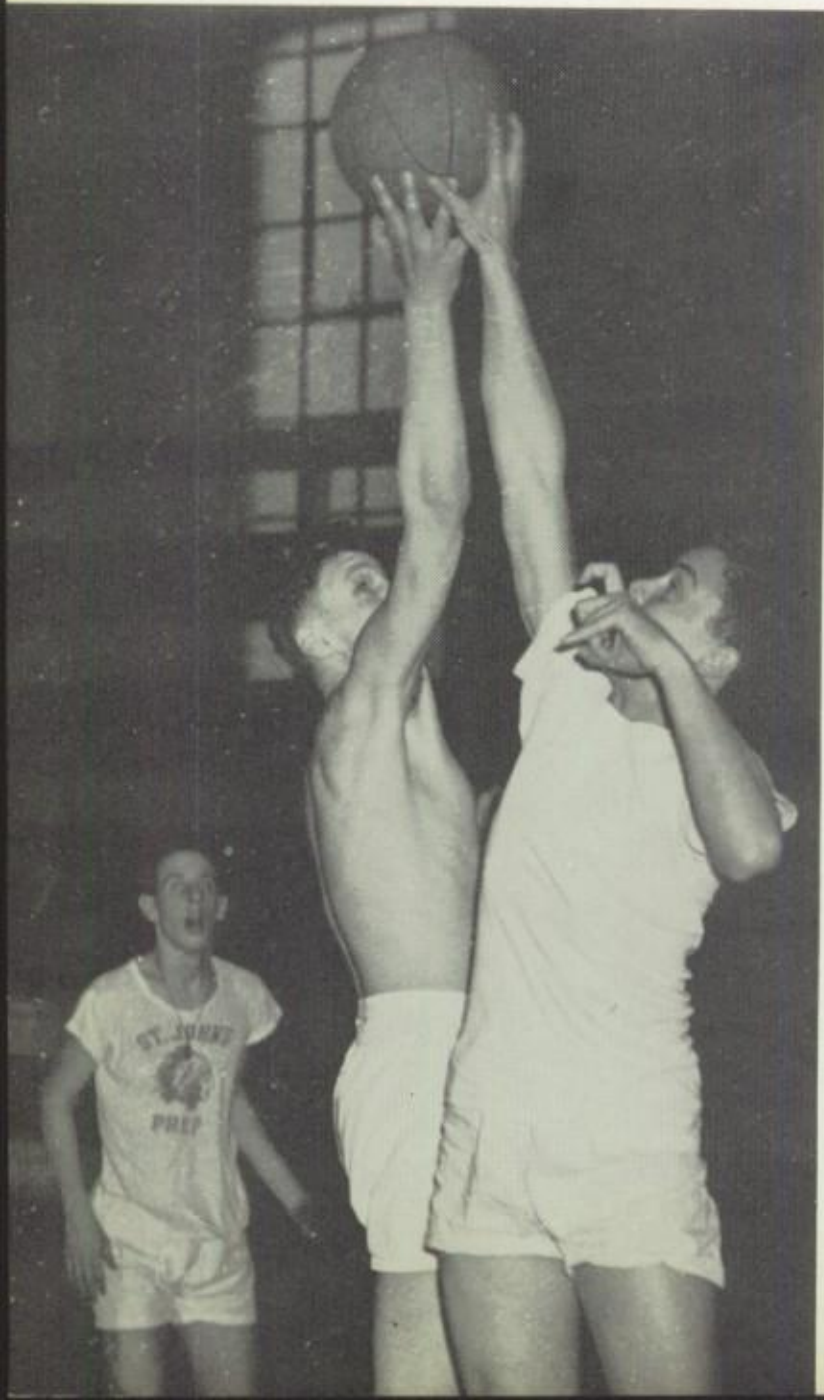

Front Row: Tom Lineen, Tony Gallagher, Ken Leder, Jim Galpin, Tom Cox. *Back Row:* Jack Scheich, John Tschupp, Bob McGee, Bob Monaghan.

Basketball Intramurals

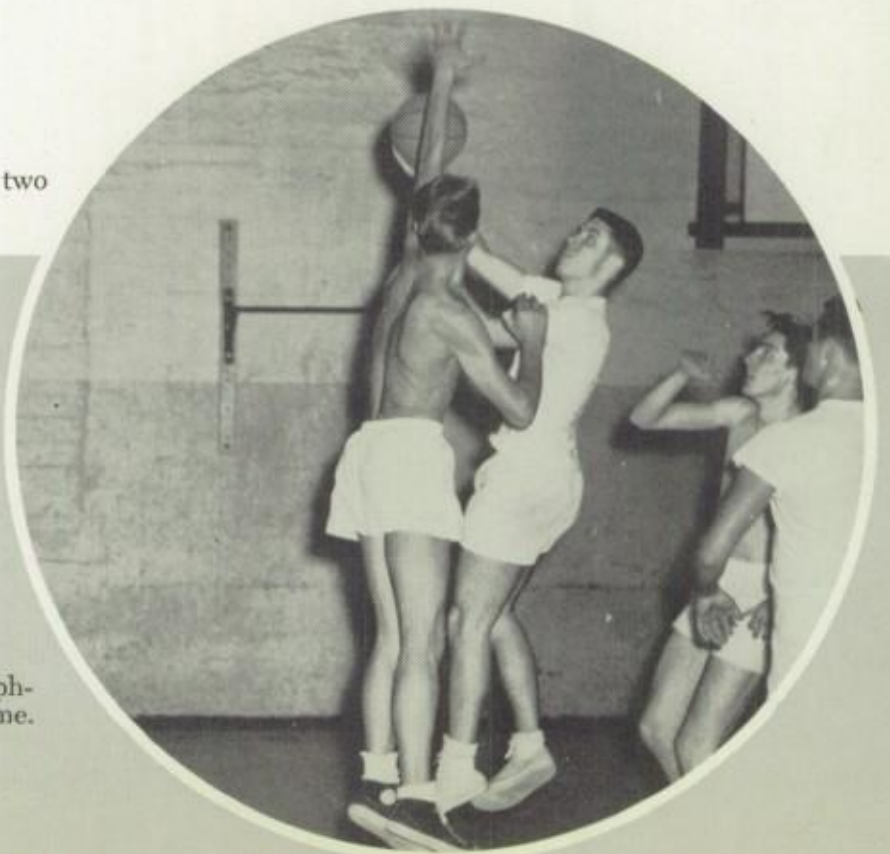

Sparked by Capt. Ken Leder, Class 4-1 took all honors in intramural competition. In gaining the right to appear against the champions of the Junior class, 3-1, the seniors compiled a 4-1 record. Their lone loss was to a tough 4-3 team which featured Bill Childs, Doug Mellett and Bob Werger.

The final game was held in DeGray Gym on December 12. With Jim Galpin scoring 13 points and Bob McGee's rebounding, the seniors outlasted the juniors, 29-22. Anthony Gallagher, Tom Lineen, John Tschupp and Ed Romano also played well for the victors. The tie score at half time was due mainly to 3-1's Frank Gentile, who led his team in scoring.

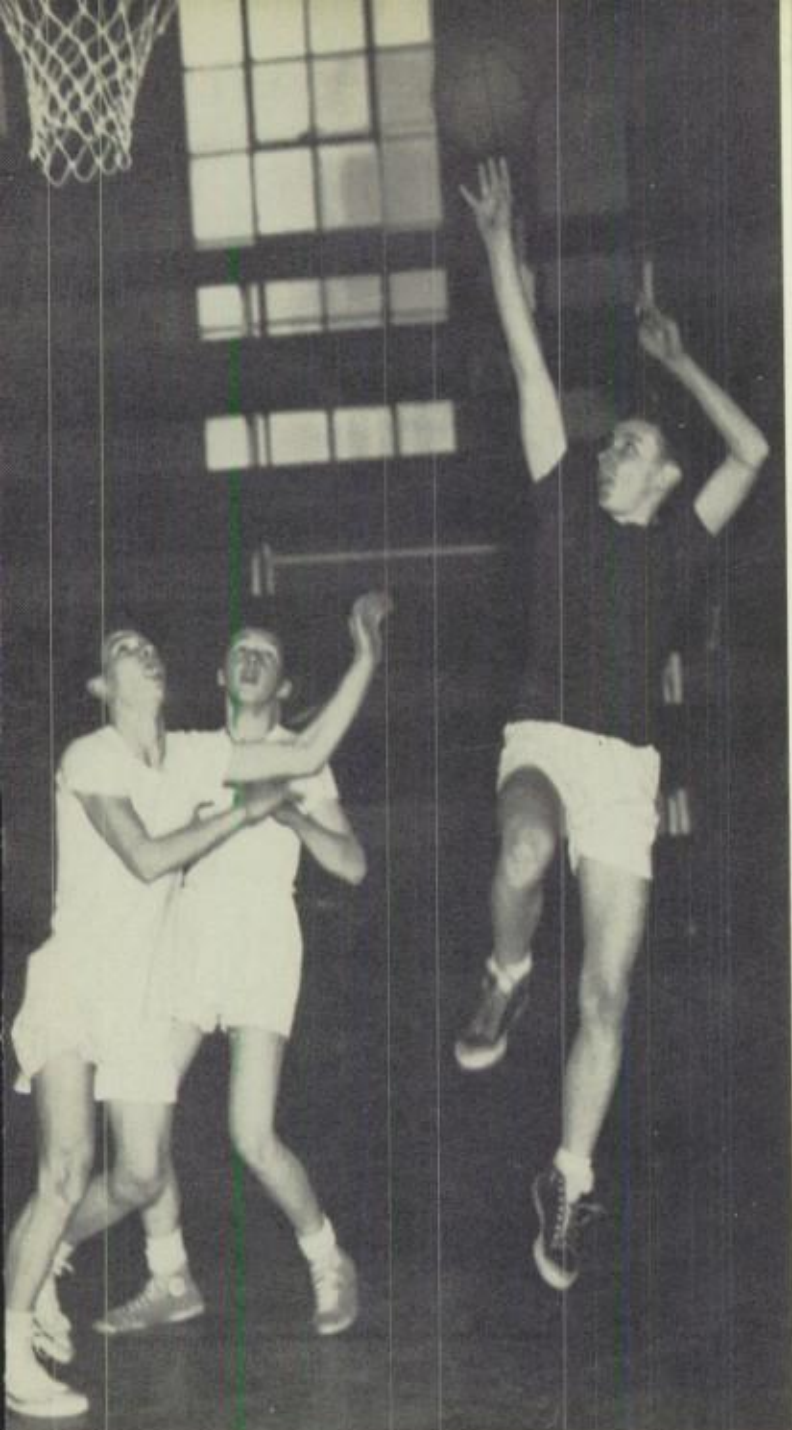

A vote of thanks goes to Fr. William Finn for making the intramural season a success.

Leder scores two for seniors.

Skins obtain ball in sophomore intramural game.

Hinchcliff makes an easy two.

Eventide

When city lights twinkle a friendly 'good night' and a slowly darkening skyline marks the end of another busy day — one marvels at the routine coordination so essential to the success of a great metropolis.

Significant, and above all other human attributes, is — friendliness, that very fair and honest regard for the other fellow.

Proof, that ENGRAVATONE practices this golden rule, is a growing list of satisfied friends — and it is not surprising that singularly better and economical college and school annuals are consistently produced under our banner of good fellowship and cooperation.
